Extension of Time for Filing Notices of Opposition

By means of an Official Gazette Notice dated January 22, 1981, the Patent and Trademark Office announced that (1) the automatic 14-day extension of filing Notices of Opposition to registration of marks published in the Official Gazettes dated May 20, 1980 thru December 30, 1980 would not be continued into calendar year 1981 and (2) extensions would be granted, as necessary, only on an issue-by-issue basis.

Continued difficulties with printing and mailing of the Official Gazette have made advisable a modification of the policy announced in the Notice dated January 22, 1981 and the reinstatement of the automatic 14-day extension. Therefore, beginning with the Official Gazette issue dated January 13, 1981, a Notice of Opposition to registration of any mark appearing in the Official Gazette will be considered timely if filed within 44 days after the date on the cover of the Official Gazette in which the mark appears.

This Notice will be printed in each succeeding issue of the Official Gazette, and the announced 14-day extension will continue to apply unless specifically terminated or modified by subsequent Notice.
